

# DIPLOMA IN ISLAMIC FINANCE

## Programme Synopsis

**DIPLOMA IN ISLAMIC FINANCE** is designed to equip students with knowledge and skills in Islamic banking and financial areas, which are now among the fastest growing segments of global financial services. Based on the program standard of Muamalat and Islamic Finance by Malaysia Qualification Agency, this program comprises the elements of muamalat, Islamic finance, Islamic banking, risk management and takaful and Islamic financial planning and wealth management. In addition, the students also encompass the basic business and financial literacy including business mathematics, quantitative methods, business accounting, computer application, microeconomics and digital entrepreneurship. The combination of compulsory courses, common core courses, and discipline-specific courses, along with selected assessments are projected to enhance students to achieve the five clusters of learning outcomes of knowledge and understanding, cognitive skills, functional work skills, personal and entrepreneurial skills as well as ethics and professionalism.
